► **Conferences to come this fall**

Conferences on access to Quebec data

What are the benefits of open data for research? How have we done elsewhere to ensure access and data privacy? How to finance this operation?

Networks

Global trade, supply chains, financial markets, the World Wide Web, etc. The network approach facilitates an understanding of mechanisms and reveals patterns in the data that are difficult to see using other approaches.

Realtime

The conference will bring together leading researchers in real-time analysis of economic data and will cover topics such as real-time macro- and financial econometrics, forecasting, and macroeconomic policy analysis, among others.

Conférence sur la macroéconomie de l'entrepreneuriat
