RESEARCH AT THE CIRANO

En Avant Math! Partnership

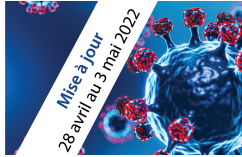

In its March 2022 budget, the Government of Quebec is planning to allocate \$1.5 million in 2022-2023 to enable the Centre de recherches mathématiques de l'Université de Montréal (CRM) and CIRANO to continue their work in the "En avant Math" partnership. For the past three years, the CRM and CIRANO have been working together to establish a strategy to foster the development of a highly qualified workforce in applied mathematics for leading-edge fields.
